Lieutenant General Walter B. Smith
Director, Central Intelligence Agency
Washington 25, D. C.

My dear General Smith:

Of course, I should be delighted to see you when you are in Princeton during the early part of October. I have to be at the National War College in Washington on October 3 and 4, so I am rather hoping that your Princeton visit will be either before or after those particular dates. Could you lunch with me while you are here? (Unfortunately, I have a Faculty meeting at luncheon on October 5, but otherwise am pretty much in the clear.)

Meanwhile, I am going to have a talk with Allen Dulles on Thursday, September 27.

With all good wishes,

Sincerely yours,

Edward Mead Earle
